Amendment to proposed findings and Recommendation
Objection.

Attention; Honorable Judge Dwane L. Tinsley.

I am writing to you sir, to let you know that i sent a response to why the filing fee of \$5 had not been recieved by the court. i attached evidence that i sent out payment via a check issued by the jail i am currently incarcerated at. They debited my account (trust) on the 3rd of June 2025 and mailed it out on the 4th of June as explained by the counsellor.

But due to some incredible reasons the check never made it to the court mailing address which is the P.O. Box.

I had called back the court on 6/24 to find out an easier or quicker way to make this payment, and i was told that a family member can pay electronically via debit card. so i reached out to my daughter/ex wife and she, my ex-wife was able to pay the \$5 fee.

Today 6/25 i called back and the court confirmed to me that they have recieved the payment and that should help mitigate the failure to prosecute rule 41(b).

Your honor, i am asking and pleading that you help me to continue with my writ of habeas corpus, so that i can secure a relief in the nearest future.
